HOT SPOT

Everyday Relaxation

*Affordable luxury that adds an entirely new
dimension of relaxation to your life.*

Always Ready

Whether you start your day with a muscle-relaxing soak or leave your stress behind before bedtime, a Hot Spot® spa is a welcome retreat that brings enjoyment any time of day – or night.

The Power of Hydromassage

Hydromassage jets direct a soothing mixture of air and water toward tight muscles to relax and revive them. Our jets are adjustable so you can easily customize your hydromassage experience. Unwind with the full back massage of our Jet-Cluster™ systems. Focus the attention on your feet after a hard day. Submerge yourself in the warm, gentle waters and discover the tranquility of a Hot Spot spa.

Attractive Details

The inviting features in a Hot Spot spa are designed to take you beyond pure hydromassage. Stainless-steel jet fittings make the water sparkle. A gentle waterfall creates the soothing sound of running water. The blue LED underwater light and Splendors®, our optional multicolor LED light, make it easy to create the perfect mood.

Peaceful Relaxation

Enjoy peaceful moments and intimate conversations in your Hot Spot spa. Or, relax in solitude with the hot tub's quiet operation. Relaxation will come easy, because you know

your high-quality spa is from the makers of Hot Spring® spas – the world's number one-selling brand.

Once you own a Hot Spot spa, you'll wonder how you got through the day without it.

Powerful Performance, Reliable Durability

In every Hot Spot® spa, the maximum-performance Wavemaster® pump is perfectly matched with the spa's jet and plumbing systems. Together they provide the right amount of power for deep, satisfying massages – year after year – with quiet, energy-efficient operation.

Our proven, high-quality No-Fault® heater is equally dependable and efficient, keeping the spa water hot so you can enjoy a relaxing soak anytime. The heater is backed by our exclusive No-Fault warranty, which has no exclusions for water chemistry.

Every detail is thoughtfully designed for comfort, convenience and hassle-free ownership.

Convenience and Easy Operation

The IQ 2020® spa control

system is easily directed by a sleek electronic control panel that features a backlit display for enhanced visibility. Select the water temperature or activate the jets and light by pressing a button – just “set it and

forget it.”

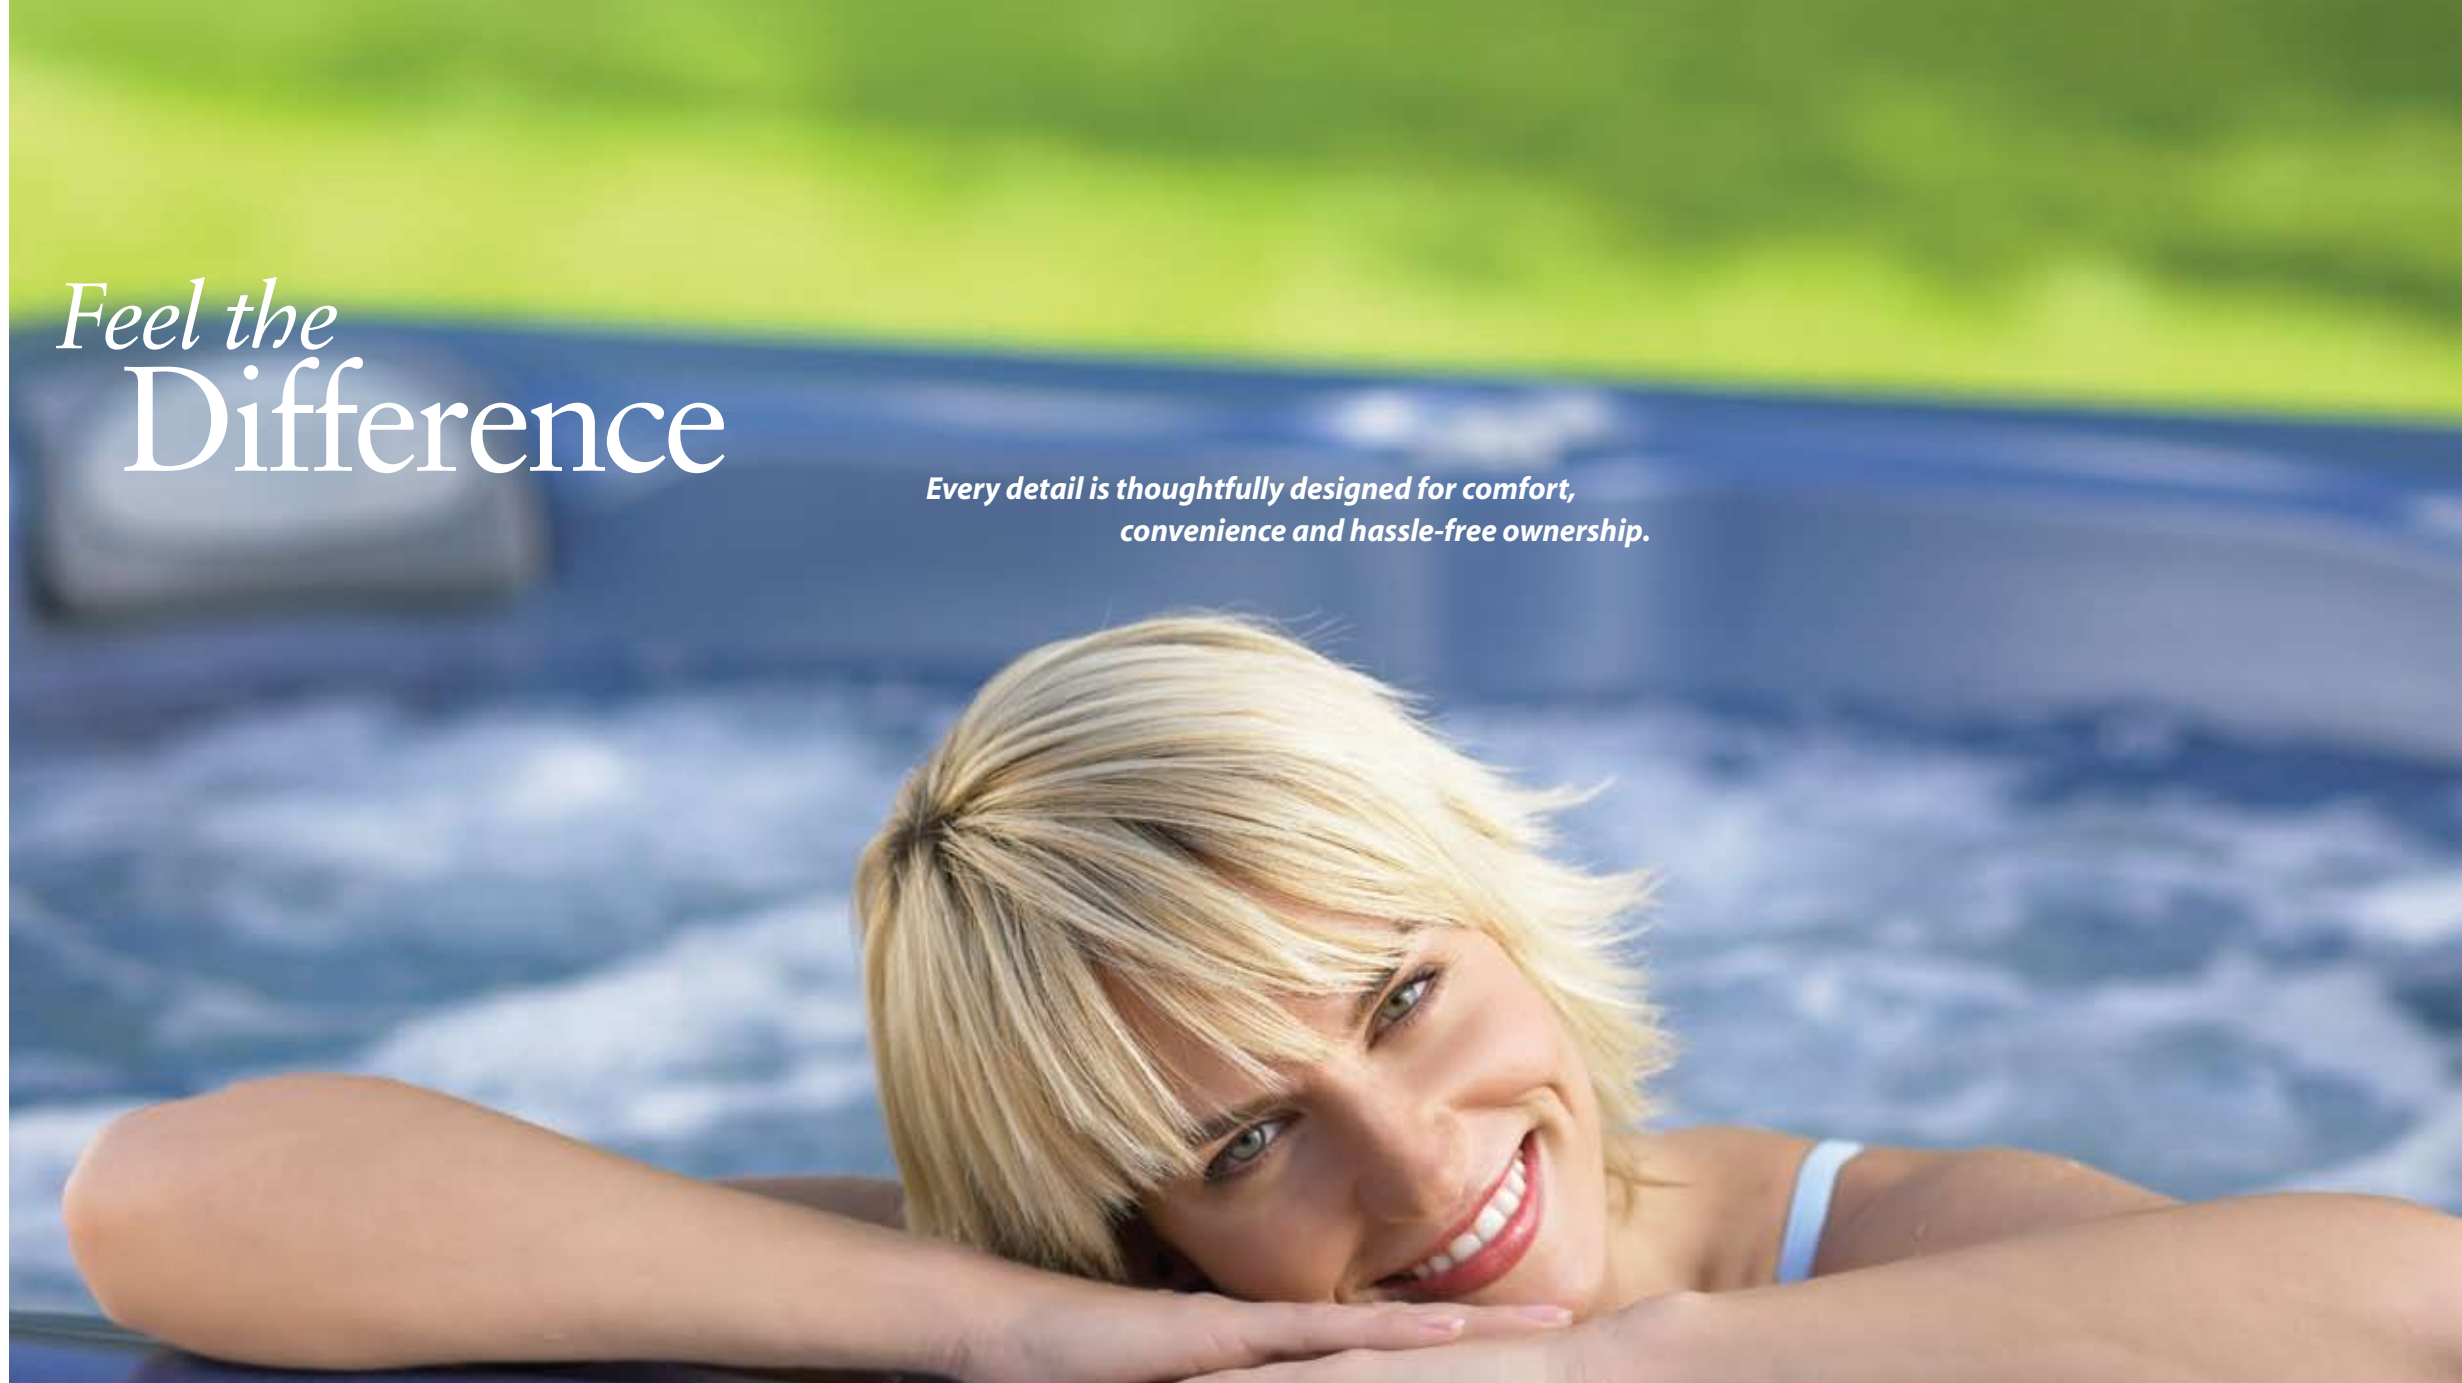

For added convenience, the optional IQ 2020® remote control lets you operate the spa's electronic functions and any optional Hot Spot music system while you relax in your spa.

Feel the Difference

Every detail is thoughtfully designed for comfort, convenience and hassle-free ownership.

Sparkling Clean Water

Spend less time maintaining your Hot Spot spa and more time enjoying it.

Clean Water, All the Time

Keeping the water clear, fresh and inviting is simple with Hot Spot spa's accessible and easy-to-clean filter cartridge, and a jet pump that runs at low speed during routine, automatic filter cycles.

Clean Water, Naturally

To enhance your water-care routine, consider the optional EverFresh® system. The optional FreshWater® III high output ozone system generates a high concentration of ozone that works to neutralize contaminants on contact. And the optional FreshWater^{Ag+} continuous silver ion purifier works to inhibit bacteria growth with the natural sanitization power of silver ions. To complete the more natural water-care system, use our chlorine-free oxidizer to activate the silver ions that help refresh and brighten your spa water.

Clean Water, Easily

FreshWater® spa-care products are designed to help keep your spa water clean and crystal-clear. Each premium product has been carefully selected and approved for use in Hot Spot spas.

Performs to Perfection

You get more out of a Hot Spot® spa because we put more into it.

Warm and Welcoming

Enjoy a steaming, bubbling massage anytime. Hot Spot spas are fully insulated for heat retention, so they're easy on your wallet. Well-placed foam helps keep heat in and cold out. The insulated thermal cover is strong and vapor-tight, built with marine-grade vinyl, and tapered for water runoff. It also has locking straps for safety and security.

Enduring Beauty

The attractive acrylic shell surface is reinforced with two layers of fiberglass. Our simulated-wood cabinet, available on most models, combines ease of maintenance with beauty that lasts. A sturdy, pressure-treated pedestal supports the spa, and a plastic moisture barrier seals the base. Each spa is rigorously inspected and must pass multiple quality tests. All this attention to detail means that your Hot Spot spa will provide you with years of carefree use.

Surround with Sound

With a Hot Spot spa, entertain friends or just relax with a music system. Select the optional factory installed CD/AM/FM stereo for the La Palma™ model and surround yourself with high quality sound through four speakers. Or add the optional Moonlight™ music system to any Hot Spot spa for wireless audio entertainment. The Moonlight

system features

a docking station for your iPod® that wirelessly sends your favorite sounds to your spa using iCast™ technology. Your iPod stays docked safely indoors, away from wet hands and splashing water, while you control the track and volume from the IQ 2020® remote control.

Make the right choice. Bring home a Hot Spot spa — and relax.

La Palma spa shown with Pearl shell and Redwood cabinet plus optional music system.

La Palma™

Seating Capacity	7 adults
Dimensions	7'7" x 7'7" x 38" h (2.31m x 2.31m x .97mh)

Limited Warranty

Watkins Manufacturing Corporation ("Watkins") warrants to the original consumer purchaser ("you") the following about your new Hot Spot® spa, when purchased from an authorized dealer/service provider ("dealer").

5 Year No Leak Shell Warranty

Watkins warrants against water loss due to defects in the spa shell for five years.

Shell Surface Warranty

2 Year (La Palma™, Mallorca® and Sorrento®)
1 Year (Trinidad®)

Watkins warrants the acrylic surface material of the Hot Spot spa to be free from defects in materials and workmanship – two years for La Palma, Mallorca and Sorrento, one year for Trinidad.

No Leak Plumbing Warranty

2 Year (La Palma, Mallorca and Sorrento)
1 Year (Trinidad)

Watkins warrants the Hot Spot spa against leaks caused by defects in manufacturing and workmanship – two years for La Palma, Mallorca and Sorrento, one year for Trinidad. This warranty specifically covers leaks from the wall fittings, jet fittings, internal plumbing, internal glue joints, drains, hoses, and all bonded parts.

Component Warranty

2 Year (La Palma, Mallorca and Sorrento)
1 Year (Trinidad)

Watkins warrants the electrical components, pump(s), and other Hot Spot spa components against defects in materials and workmanship – two years for La Palma, Mallorca and Sorrento, one year for Trinidad. Some parts, most of which can be changed out without the use of tools, such as filter cartridges, filter lid, spa pillows and coverlocks, are not included in this warranty, but are warranted to be free from defects in materials and workmanship at the time of delivery. Spa covers and other spa accessories are specifically excluded from this warranty, although they may be covered by other warranties. Please check with your Hot Spot dealer for details.

No-Fault® Heater Warranty

2 Year (La Palma, Mallorca and Sorrento)
1 Year (Trinidad)

Watkins unconditionally warrants the No-Fault heater to be free from defects in materials and workmanship – two years for La Palma, Mallorca and Sorrento, one year for Trinidad. This warranty defines unconditional, with the exclusion of commercial or industrial use, and improper installation, as warranty coverage without exception provided that the component has failed to operate properly within the spa's system.

1 Year LED Light Assembly and Stereo Warranty

Watkins warrants the LED light assemblies, which consists of all lights within the spa, including the main light, and the factory installed stereo system (stereo on La Palma spa only), which includes the stereo, wired remote control and speakers to be free from defects in materials and workmanship for one year.

2 Year Simulated Wood Cabinet Warranty

(La Palma, Mallorca and Sorrento only)

Watkins warrants the simulated wood cabinet material to be free from defects in materials and workmanship for two years. This warranty specifically covers the cabinet's structural integrity (exclusive of surface stain), including the material and assembly. The optional simulated wood cosmetic finish is warranted to be free from defects in materials and workmanship at the time of initial delivery. Fading and weathering of the surface may occur naturally over time, and are not considered defects. To restore the cabinet's appearance, refer to the spa Owner's Manual for proper care and maintenance instructions.

Wood Cabinet Warranty

Watkins warrants the wood cabinet to be free from defects in materials and workmanship at the time of delivery.

The following applies to all of the warranties listed above:

Extent of Warranty

This warranty extends only to the original consumer purchaser of the Hot Spot spa when purchased and originally installed within the boundaries of the United States. This warranty begins on your delivery date of the spa. This warranty terminates upon any transfer of ownership, or if the spa is installed or relocated outside the boundaries of the United States by the original consumer purchaser prior to the expiration of the warranty period.

Warranty Performance

To make a claim under this warranty, contact your dealer. In the event you are unable to obtain service from the dealer, please contact Watkins Manufacturing Corporation, 1280 Park Center Drive, Vista, California 92081, Attn: Customer Service Department 800-999-4688 or via e-mail, custserv@watkinsmfg.com. You must give Watkins and/or your dealer written notice of any warranty claim, along with a copy of your original purchase receipt indicating the date of the purchase, within ten (10) days of the time you discover the claim. Watkins reserves the right to inspect the malfunction or defect on location. Watkins or its Authorized Service Agent will repair any defects covered by this warranty. Except as described herein, you will not be charged for parts, labor or the freight costs for parts necessary to repair the spa for defects covered by this warranty. In some cases, the servicing dealer may charge you a reasonable repairperson travel/service charge that is not covered by this warranty. Please contact the dealer for information regarding any such charges.

Limitations

Except as described above, this warranty does not cover defects or damage due to normal wear and tear, improper installation, alteration without Watkins' prior written consent, accident, acts of God, misuse, abuse, commercial or industrial use, use of an accessory not approved by Watkins, failure to follow Watkins' Pre-Delivery Instructions or Owner's Manual, or repairs made or attempted by anyone other than an authorized representative of Watkins. Alteration includes, but is not limited to, any component or plumbing change, or electrical conversion. Visit www.hotspotspa.com or contact your dealer for a list of manufacturer approved accessories.

Disclaimers

TO THE EXTENT PERMITTED BY LAW, WATKINS SHALL NOT BE LIABLE FOR LOSS OF USE OF THE SPA OR OTHER INCIDENTAL OR CONSEQUENTIAL COSTS, EXPENSES, OR DAMAGES, INCLUDING BUT NOT LIMITED TO THE REMOVAL OF ANY DECK OR CUSTOM FIXTURE OR ANY COST TO REMOVE OR REINSTALL THE SPA, IF NEEDED. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you. ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THE APPLICABLE WARRANTY STATED ABOVE. Some states do not allow limitations on how long an implied warranty may last, so the above limitations may not apply to you.

Legal Remedies

This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

High Standards

The more you know about spas, the more you'll
discover the great value of a Hot Spot® spa.

Hot Spot spas are made by the manufacturer of Hot Spring® spas, the world's number one-selling brand, and are part of the Masco (MAS-NYSE) family of quality home products you know and trust, including Delta® faucets, KraftMaid® cabinets, Behr® paints and many more.

Since 1977, the makers of Hot Spring spas have been the market leader. We are the only three-time recipient of the spa industry's prestigious John Holcomb Silver award for technological innovation and the only manufacturer to have one of its spas named a Consumers Digest Best Buy all six times spas have been rated, most recently the Aria® spa.
